FINAL RESOLUTION 8/21/13

CONSULTATIVE PROCESS TO REVIEW ADDITIONAL PROPOSED ESSENTIAL FISH HABITAT DESIGNATIONS

The Gulf of the Farallones National Marine Sanctuary Advisory Council hereby expresses its support for a continuing inclusive consultative process to review proposed additional Essential Fish Habitat candidate conservation areas within the Northern Management Area and within additional areas of the Gulf of the Farallones National Marine Sanctuary that were submitted to the Pacific Fisheries Management Council. The Advisory Council further encourages the Gulf of the Farallones National Marine Sanctuary staff to facilitate collaborative discussions between proposers of Essential Fish Habitat conservation areas in the Northern Management Area and potentially affected fishermen to garner collaborative support for additional conservation areas.
