Join us for an online celebration of sharks to raise awareness of the importance of elasmobranchs in our marine ecosystem, coinciding with the arrival of white sharks to the San Francisco area to feed on our abundant seal and sea lion populations. Tune in for fun and educational activities for adults and kids, shark art, shark science, shark films, shark conservation, and lots of great ukulele tunes! Free event. Gift with optional registration: <https://farallones.org/sharktoberfest> Questions: [sheintzelman@farallones.org](mailto:sheintzelman@farallones.org)
